**3. OTHER BUSINESS:** The discussion items listed below were taken out of order from the planned agenda to allow Mr. Mulholland to speak about the City’s Tunnel Project.

**A. Discussion** of expectations for the Arts and Culture Commission regarding the City’s Tunnel Project.

Mr. Mulholland explained that the City is working on the finalized details of the Tunnel Project. The work will begin sometime in the Spring of 2020 and is expected to be complete by August of 2010. He noted there would be a significant amount of surface space (walls and ceilings), which presents a lot of opportunities for potential artwork and that both wifi and music capabilities are being planned. While there are currently no plans to put any artwork in the tunnel, the thought is to allow this to occur and asked the Commission to think about things they would need in order to make this happen, such as where the best places would be for electrical hookups (e.g., heights and locations for adding wifi, video and music). He noted there will be video cameras in the tunnel for the purpose of security. The Tunnel Project is only one of several opportunities available to the Commission.

**Ms. Fiore arrived at 6:45 PM.**

The Commission and Mr. Mulholland discussed the City’s budgeting process regarding what would be considered a Capital Expense or an Operating Budget, noting the Commission still has time to come up with a budget for Capital Expenses (up to \$50K) and the Operating Budget guidelines would be coming out within the next four weeks. For the Tunnel Project, if the Commission has any urgent needs, he would need to know now so they could be included in the final tunnel design - at no cost to the Commission.

1 The Commission discussed water fountains and their possible placement location(s); hardscaping opportunities  
2 such as sculptures, and; landscaping opportunities. Mr. Mulholland said it was important for the Commission to  
3 get the tunnel infrastructure completed first and then start thinking about the Mall, the round-a-bouts, potential  
4 West Lebanon projects, and all the other functions that they have been tasked to do according to their Charter.  
5

6 Mr. Brooks will provide Commission members with a copy of the most updated tunnel rendition plans for their  
7 review. This will help when they are thinking about technical needs as well as permanent/temporary  
8 installations that would be required for electricity, electrical outlets, lighting, lighting displays, staging, and  
9 audio/video capabilities.  
10

11 At the Commission's request, Mr. Brooks will reach out to DPW to organize a walk-through of the tunnel, so  
12 they have an idea of what they are working with.  
13

14 Mr. Mulholland stressed the need, or a mechanism, for the purpose of deciding how artwork would be managed  
15 throughout the City and how changes over time would be managed, noting that the Commission is only an  
16 Advisory Board to the City Council. A discussion took place regarding who would/should have the authority to  
17 make those decisions and the need to do some exploratory work on how other communities have established  
18 their policies regarding the management of Arts/Culture (e.g., through Art Districts and non-profit entities).  
19

20 The Commission discussed different ideas for the tunnel. Mr. Brooks will forward the deadline for changes in  
21 the Tunnel Design Project to the Commission, so they have a timeline to work with.  
22

23 **B. Master Plan Implementation:** Discussion of prioritization of selected Strategies and Actions by Ms.  
24 Zook and Mr. Welsch.  
25

26 Mr. Welsch presented and explained what he has identified as five (5) Outcomes & Strategies (items: #2, #3,  
27 #4, #5, and #8) and five (5) Action Items (#1, #2, #3, #7 and #14) as identified in Chapter 12 of the City's  
28 Master Plan for the Commission's review. He suggested that Working Groups be formed to work on items the  
29 Commission deemed as priorities and to update and identify what has already happened. He noted that Fran  
30 Hanchett (President Historical Society) has signed a contract with the City to take over the Welcome Center  
31 under the main stage in Colburn Park from the Recreation Department.  
32

33 Mr. Brooks informed the Commission about what they should be working on:

- 34 1. Help with the Implementation of Chapter 12.
- 35 2. Looking at which Actions/Strategies & Outcomes they would like to focus on as priorities and identify  
36 what has already been done.  
37

38 Commission members also discussed the need to think about and incorporate the voice of West Lebanon into  
39 conversations regarding any updates/revisions to the City's Master Plan and Visioning Study process.  
40

#### 41 **4. OPEN DISCUSSION:**

42

43 **Councilor Zook arrived at 7:38 PM.**  
44

45 **A. Discussion Re: How to govern the ACC**  
46

1 Chair Giordani suggested that the Commission, in order to establish and identify their focus on the 40 items  
2 listed in both the Outcomes/Strategies and Action Items in Chapter 12 of the City's Master Plan, that Working  
3 Groups be formed. After some lengthy discussions took place regarding what the **Working Groups** should be  
4 and what their responsibilities would entail, it was agreed that the following be established:

- 5
- 6 1. Exploratory Funding and Processing: Councilor Zook, Robert Welsch, Sherry Fiore. Chair Giordani  
7 will reach out to Sean Fleming (Library Director) to see if he would be interested in participating with  
8 this group.
- 9
- 10 2. Civic Art: Chair Giordani, Sherry Fiore, possibly AVA Art Gallery.
- 11
- 12 3. Programming: Amy Dingley, Rebecca Foster.
- 13
- 14 4. Publicity/Marketing: Joe Clifford, Chair Giordani, Amy Dingley, Rebecca Foster.
- 15
- 16 5. Data Collection: Devin Wilkie, Katrina Geurkink (private citizen), Robert Welsch.
- 17

18 **For Monthly Agenda:** The Working Groups listed above **will be placed on each monthly agenda** to report on  
19 their updates.

20

21 A Motion will be made at the next meeting (June) to formalize the establishment of these Working Groups.

22

23 Chair Giordani said an email will be sent to Commission members detailing the Working Groups and each  
24 groups membership.

25

26 Mr. Welsch said that the Commission will be giving Quarterly Reports to the City Council. (Quarterly Reports  
27 take place on the 1st Wednesday of the Month for January, April, July and October. However, due to the July
